Bachelor of science in computer science and communications engineering - BScCSCE

I completed my secondary education at "SOU Niko Nestor" - Struga, electrical engineering for computer technology and automation. As an excellent student, I continue my education and enroll at the Faculty of Information Sciences and Communication Technologies - FICT, "University of St. Clement of Ohrid" - Bitola. During my studies, I was extremely dedicated to the opportunities offered by the faculty such as working in different working groups and delivering ready-made solutions within the stipulated deadline. As an extremely ambitious and dedicated person, I graduate from college within the scheduled study period with an average grade 8.43, with qualification level VIA from the National Qualifications Framework. From July 2024, I will acquire a professional academic title **Bachelor of science in computer science and communications engineering - BScCSCE(Four-year studies-240 ECTS)**

Programming Skills

HTML, CSS, JavaScript
